

Mathematical and Computational Methods for Phylogenetics and Evolutionary Epidemiology

The Institute of Tropical Medicine “Pedro Kourí” (IPK), from Havana, Cuba and the Center of Bioinformatics, Biostatistics and Integrative Biology (C3BI) from the Pasteur Institute in Paris, France, invites you to attend the International Autumn School Course: **Mathematical and Computational methods for phylogenetics and evolutionary epidemiology**

The school will be held in IPK, Havana (14-18 October, 2019)

Deadline for registration: October 7th

Registration fee: 240 CUC

Contact person: Vivian Kourí: vkour@ipk.sld.cu

Professors from the Pasteur Institute:

Olivier Gascuel, PhD, Director of the C3BI
Frédéric Lemoine, PhD; Anna Zhukova, PhD; Miraine Dávila, PhD; Jakub Voznika, PhD candidate
