

First Announcement 16th International Conference on Operations Research

Havana (Cuba)

March 5– March 8, 2024

Organized by

Universidad de La Habana

Université Paris 1, Panthéon-Sorbonne

Co-Sponsors

Sociedad Cubana de Matemática y Computación

Asociación Cubana de Investigación Operacional

Asociación Latinoamericana de Investigación Operativa

Aims of the Conference

The ICOR promotes the exchange of experiences about applications of OR and computing issues for the management of big data analysis for the sustainable socio-economic development and human welfare. We foster contributions on theoretical results on mathematical methods, management of big data and business intelligence related to human health, environment enterprise development and regional development. Experiences on OR education, for strengthening capabilities in the application and cross-fertilization between different topics of the conference, are welcome.

We invite researchers to organize special sessions devoted to one specific topics or to the application of different approaches to a particular problem.

The Conference covers contributions on:

- Artificial Intelligence & Decision Making
- Bioinformatics
- Biomathematics
- Business Intelligence
- Big Data
- Block Chain
- Cryptography Applications
- Management Sciences
- Mathematical Economics
- Multicriteria Decision Making
- Numerical Analysis
- Optimization
- Operations Research Applications
- Operations Research Education
- Probability and Statistics
- Transport and Logistics

Organizing Committee

Wilfredo Morales Lezca (Dean, Facultad de Matemática y Computación), Celia González González, Yanet Garcia, Genry Pérez Díaz.

Submission of Abstracts and Papers

People from scientific institutions as well as from practice, who are interested in presenting their research results in the conference, have to submit an abstract (only in English language) of about 250 words (to appear in the *Abstract Booklet*) and an Extended Abstract (3 - 5 pages) to be published in a digital *Conference Proceeding*.

Reviewed versions of full papers presented at the conference could be submitted to the journal *Investigación Operacional* with no additional cost.

Detailed information about Abstract and Extended Abstracts formats is available at the end of this announcement.

Important Dates

Deadlines for abstracts **January 15 , 2024**

Information about acceptance of the presentation: **February 10 , 2024**
